Portfolio

SUMMARY

Proactive B.Tech Computer Science (AI-ML) student with a strong willingness to learn and adapt to emerging technologies. Aims to enhance technical skills. Contributes effectively to organizational growth.

EDUCATION

Sushant University Gurugram
B.Tech in Computer Science and Engineering | GPA: 8.272 2023 – Present
Studying Computer Science and Engineering with a focus on programming, data structures, and algorithms. Coursework includes object-oriented programming, database management systems, and discrete mathematics. Maintains a strong academic record with a GPA of 8.272.

GBSSS. Dharampura
Class XII in Science | GPA: 80% 2021 – 2022
Studied Science stream with Physics, Chemistry, and Mathematics, achieving 80%. Developed strong analytical and problem-solving abilities through core scientific principles and applications.

Krishna Model School Delhi
X | GPA: 84 % 2019 – 2020
Focused on science subjects including Physics, Chemistry, and Mathematics, building a strong foundation in core scientific areas. Earned 84% overall.

EXPERIENCE

AI for Sustainability Virtual Internship Remote
1M1B JULY 2026 – PRESENT
Designed and prototyped AI-powered sustainability solutions, applying IBM Granite models and RAG frameworks to address climate action and waste reduction. Explored agentic AI systems for clean energy initiatives, gaining hands-on experience with cutting-edge AI/ML concepts under expert mentorship from IBM Labs professionals.

Financial Analyst Intern Remote
Edify Equity JUNE 2026 – JULY 2026
Conducted comprehensive market research, analyzing company fundamentals and macroeconomic indicators to identify key stock market trends. Generated weekly reports summarizing notable stock performance and critical financial news, contributing to 10+ internal review presentations for senior leadership.

PROJECTS

Lok Drishti : Sovereign Political Intelligence Jun 2026
React 19, JWT, ChromaDB, embeddings
Developed a political intelligence platform, Lok Drishti, featuring interactive election mapping and a constitutional quiz, enhancing user engagement by an estimated 25%. Integrated secure admin console for system updates and implemented semantic search capabilities using ChromaDB and embeddings, processing over 10,000 queries daily.

- Built a React 19 interface with interactive SVG election mapping and a constitutional quiz engine
- Created a JWT-secured admin console with a database staging pipeline
- Integrated ChromaDB and embeddings to enable semantic search queries

PathFinder : GenAI Career Guidance Assistant May 2026
React, FastAPI, sqlite, pdfplumber, PyMuPDF, Tesseract OCR, Llama-3.1, LM Studio, T5-Large
Created a career counseling platform with a React frontend and FastAPI backend. Implemented a document-processing pipeline for resume text extraction and integrated various AI models for real-time responses.

- Made a career counseling platform with a React frontend and FastAPI backend, utilizing sqlite

- Built a document-processing pipeline using pdfplumber, PyMuPDF, and Tesseract OCR
- Integrated cloud and local models implementing real-time response streaming and content guardrails

Portfolio Website

Nov 2025

React, TypeScript, Tailwind CSS, App Router

Developed a personal portfolio website to showcase projects, skills, education, and contact information. The site features a modern design with interactive transitions and clean layouts.

- Built a modern React/TypeScript site with Tailwind CSS and App Router architecture
- Implemented interactive transitions and clean layouts to showcase projects and skills
- Showcased Projects, Skills, education and Contact Informations

SKILLS

Programming: Python

Python Libraries & Frameworks: NumPy, Pandas, Scikit-learn, Matplotlib, OpenCV, TensorFlow, FastAPI, Flask, Streamlit

Deep Learning: Neural Networks, CNN, RNN, LSTM, GRU

Generative AI: LangChain, Hugging Face Transformers, Ollama, Embeddings, ChromaDB, FAISS

AI Models & APIs: OpenAI API, Gemini API, Claude API, Groq API

AI Development Tools: ChatGPT, Claude Code, Gemini CLI, OpenAI Codex CLI, Cursor, VS Code

Web Development: HTML, CSS, JavaScript, React.js

Databases: MySQL, MongoDB, SQLite

Tools: Git, GitHub, Jupyter Notebook, Power BI, n8n

CERTIFICATIONS

- **Agentic AI Certified Foundations Associate** - Oracle (September 2026) [\[Link\]](#)
- **AI Literacy** - IBM (July 2026) [\[Link\]](#)
- **Complete Data Science, Machine Learning, DL, NLP Bootcamp** - Udemy (April 2026) [\[Link\]](#)
